

# IRWIN DENTAL CENTER

## *Limited Dental Warranty*

*The Doctors at IRWIN DENTAL CENTER strive for perfection and patient satisfaction, so we are proud to extend the following NEW service to our patients. Based on the high level of clinical success achieved with our dental Crowns, Bridges and Implant Crowns, we are pleased to offer a 5 year "Free of Charge Remake Warranty program".*

*If a dental Crown, Bridge or Implant Crown becomes defective within the warranty period due to breakage, leakage, decay or misfit, we will be more than happy to replace or repair it at NO cost to you. This does not include situations like accidents, or not following recommended instructions given by the dental staff.*

*Prevention is our focus at IRWIN DENTAL CENTER. Crowns and Bridges are designed to protect and hold teeth together. They restore the proper form and function to a tooth or area of the mouth, and can last for a very long time. Crowns, Bridges and Implant Crowns help to prevent future oral health problems. Regular home care with a toothbrush, floss and any other recommended device is preventative action. Having your teeth professionally cleaned and having radiographic (x-ray) and clinical exams, can help you prevent or reduce the damaging effects of most oral diseases. This is why all of our warranties must be null and void if we don't see you for your three, four or six month continuing care check-ups. With this action you will maintain the health of your teeth and gums. You and your teeth are important to us and you deserve a great smile!*

THIS WARRANTY IS NULL AND VOID IF THE PATIENT DOES NOT MAINTAIN  
THEIR REGULAR CONTINUING CARE CHECK-UPS.
